I needed to say thank you, for everything you and your team did during the camp. I believe I can speak for all of the camp attendees when I say that we all had so much fun and learned so much. I've been to many different programs that haven't been near as entertaining, informative, and interesting as the one you hosted and planned. So I just wanted to thank you, for all you did for me and everyone else at the camp. I'm not sure if I'm speaking for more than me here, but I highly doubt it; this camp opened possible career ideas for me that I hadn't even considered. So, thank you, for everything you do.
